Catalina Teguiani
FRONTEND DEVELOPER

I am seeking a career within IT/Web Development in order to enhance and build on my experience. I have analytical skills which enables me to be a problem solver and assess outcome options which require creativity and initiative. My attention to detail is thorough to make all projects a success first time.

Work History

2 Jan 2020 – March 2020
Volunteer
British Heart Foundation

- Assisted customers to find the goods and products they were looking for
- Maintained outstanding store condition and visual merchandising standards

Sept 2017 – present
Frontend Developer
Mister Pixel

- Worked on various projects, tackling complex problems to deliver a responsive website
- Created website layouts / user interface by using standard HTML / CSS practices
- Built custom websites from scratch or using CMS and various plugins such WooCommerce and Elementor

Apr 1994 – Aug 2017
Broadcast Engineer
Romanian Public Television

- Coordinated the technical broadcast team and enabled their collaboration with the editorial team, as well as with the image directors in order to guarantee the technical quality of all the productions we have worked on
- Designed and implemented a project for managing personnel scheduling and production activities of the Studios, which is still in use and accessed on TVR's internal site

Apr 1993 – Apr 1994
Software Engineer
Institute For Computer Technology

- Developed programs for medical applications in collaboration with Grigore Alexandrescu Hospital, the biggest children's hospital in Bucharest

Apr 1992 – Apr 1993
Research Assistant
Institute For Research On Quality Of Life

- Updated and improved the databases and applications needed for research projects, supervising the work of the several operators
- Assisted in research support of data processing operations for large survey research projects

Education

Oct 1988 – Jun 1993
Master of Science: Automatic Control And Computer Science
Politehnica University Of Bucharest Faculty Of Automatic Control And Computer Science

- Master in Engineering (Bioinformatics) - wrote my thesis on the similarities between eyes and video cameras
- Graduated top of my class with a 90% grade

Sept 1984 – Jun 1988
High School Diploma
National College Of Computer Science

- Certified as an Analyst Programmer
- Romanian Baccalaureate: Mathematics 100%, Computer Science - 100%
